

TR Comfortline Bathtub

Hygiene Equipment
Designed for People

TR Comfortline, Height Adjustable Bathtub

The TR Comfortline is a free standing, height adjustable bathtub designed for a satisfying and relaxed bathing experience. With a host of sensory options available, such as LED lighting system, music sound wave system with four speakers AUX and bluetooth and a 12 jet air-spa system.

Registered at Medical Products
Agency, Sweden,
as a MD Class 1 product,
MDD 93/42EEC.

TR reserves the right to make
design changes and/or
improvements without notice.

Used in conjunction with the TR 9650 Combilift, the Comfortline is easily accessible from either side of the bathtub. Attendants will benefit from the Comfortline's ergonomic design and efficient bathing cycle. Simple installation of the Comfortline allows it to be positioned in almost any central bathing areas or bathrooms. Controls have been designed with simplicity in mind and the smooth design makes it easy to clean and maintain.

TR EQUIPMENT
